NATIONALS DEFEAT OFTERS. Game Results in Bad Defeat for Last

The East St. Louis Nationals of the Trolley League played a practice game yesterday with the Oeters, the last year's crack team of East St. Louis Baseball Park, defeating them by a score of 20 to 2 Louis Baseball Park, defeating them by a score of 30 to 0.

The batteries for the East St. Louis Nationals were Young and Terry, pitchers, and Anderson, catcher. The Oeters got but two hits. Their battery was Williams and Ames. John Griffin was umpire.

The shewing made by the East St. Louis Nationals was highly satisfactory to the backers of the sport in East St. Louis, who have had an uphill fight for several years in baseball circles. There was much enthusiasm at the game and it was freely predicted that if the boys do as well all season as they did yesterday East St. Louis would get the pennant. The members of the Nationals assert that they are not yet in the form in which they will play during the season.

REPUBLIC SPECIAL

Washington, March 22-A delegation of members of the negro press of the country and of the Negro Pen and Pencil Club called on Archbishop Ireland to-day and expressed to him their gratitude and appreciation of his stand in behalf of the negro. Remarks expressive of the gratitude of the race were made by Henry P. Slaughter, president of the Pen and Pencil Club; L. M. Hershaw, John P. Green and Judson W. Lyons, Register of the Treasury, Archbishop Ireland, in responding, said that to him the Stars and Biripes had no meaning whatsoever unless they mean the brotherhood of man. The idea of a distinction being made in civil and political matters because of race or language or color, he declared, is unamerican.

A man, he said, is a man, and that is all that the American Constitution requires, or that it should require, if it is truly a Constitution expressive of liberty. He urged his callers to have patience, and said that with it the march of civilization and of Christianity would result in full recognition of their civil and political rights.

He expressed the opinion that there was not in the history of the world an example of eimilar proverse made by any people of any color and of any race equal to that made by colored people in the forty years since President Limooln declared them free and independent. He predicted that what had been accomplished in the last forty years would be quadrupied in the last forty years. called on Archbishop Ireland to-day and
